    Ellen's show isn't canceled dingus, it's just on hiatus because of the Commie Coof.
    Jimmy's just in time out. He'll squirt some liberal tears, kiss Jesse Jackson's ass and the Jewbucks will rain down again.

    Nothing new anon, I watched The Man Show when it was new. It was intentionally tasteless show and that's what people tuned in for.
    Liberals had no problem with this stuff or making fun of LGBT (especially T) until the 2010s when they suddenly decided some people were protected status and
    above ridicule.
